PROFESSIONAL SUMMARY

MERN Stack Developer experienced in building full-cycle web applications using MongoDB, Express, React, and Node.js. Skilled in designing RESTful APIs, implementing secure JWT authentication, and integrating third-party services like payment gateways and AI models. Focused on writing clean, maintainable code and delivering intuitive user experiences.

TECHNICAL SKILLS

Frontend: React.js, Redux Toolkit, React Router, Vite, Tailwind CSS, Bootstrap, JavaScript (ES6+), HTML5, CSS3

Backend & Database: Node.js, Express.js, RESTful APIs, MVC Architecture, MongoDB, Mongoose ODM

Auth & Security: JWT Authentication, bcrypt.js, Role-Based Access Control (RBAC), Protected Routes, Rate Limiting

Cloud, APIs & Tools: Cloudinary, Groq AI API, PayPal REST API, Git, GitHub, Postman, Vercel, Render, VS Code

TECHNICAL PROJECTS

Avora — AI-Powered Travel Diary Platform

[Live Demo](#) | [Source Code](#)

React, Node, Express, MongoDB, Groq AI

- Built a full-stack travel journaling application with JWT-based authentication and multi-tier role-based access control.
- Designed and implemented RESTful APIs using the MVC architecture to handle user data and travel logs.
- Integrated the Groq AI API to convert short user notes into detailed travel narratives, and used Cloudinary for image storage.
- Secured backend endpoints by implementing rate limiting to prevent brute-force attacks.

Zaash — Luxury E-Commerce Platform

[Live Demo](#) | [Source Code](#)

React, Redux Toolkit, Node, Express, PayPal API

- Developed a full-stack e-commerce platform featuring dynamic product filtering, debounced search, and seamless guest-to-user cart migration.
- Managed complex frontend state, including shopping cart data and UI toggles, utilizing Redux Toolkit.
- Integrated the PayPal REST API for secure checkout processing and automated PDF invoice generation for completed orders.
- Created a protected admin panel to manage product inventory, track order fulfillment, and control user access levels.

Dreamlands Properties — Real Estate Web Platform

[Live Demo](#) | [Source Code](#)

React, TypeScript, Vite, Tailwind CSS, WhatsApp API

- Built and deployed a responsive real estate portfolio website for a corporate client in Kerala.
- Integrated direct WhatsApp lead routing to improve client inquiry conversions and optimized image delivery for faster page loads.

EDUCATION

Sreenarayana Guru Open University (SGOU)

Bachelor of Computer Applications (BCA)

Kerala, India

2025 – Present

Govt. Polytechnic College

Diploma in Computer Hardware Engineering (First Class | 7.79 CGPA)

Palakkad, India

2021 – 2024
